Back of Previous Page

The Original

SINCE 1971, ALL-CLAD HAS LED THE WAY IN PRODUCING THE FINEST COOKWARE AVAILABLE AND CONTINUES TO BE THE UNDISPUTED CHOICE OF PROFESSIONAL CHEFS AND DEMANDING CONNOISSEURS.

Located in Canonsburg, Pennsylvania, All-Clad developed the innovative process that made bonded cookware possible. Many have tried to copy All-Clad's recipe for success, but there's simply no duplicating a true original, especially when the original consistently develops revolutionary new technologies. A key to this American brand's continued pre-eminence is its success in keeping all products state-of-the-art, while adhering strictly to All-Clad's legendary standard of quality.

The new generation of All-Clad collectors have the opportunity today to choose from four complete collections to meet their individual needs and preferences, each assuring the standard of quality that only All-Clad can provide – backed by a lifetime guarantee. In addition to cookware, All-Clad produces the world's first five-ply cookware, electrics and an extensive collections of tools and gourmet accessories, which together give All-Clad enthusiasts the opportunity to create the quintessential All-Clad kitchen.

Stainless

DISCOVER

Marked by classic elegance and simple lines, the Stainless collection is All-Clad's most popular bonded cookware. A favorite among All-Clad collectors, the collection delivers ease of performance with amazing results. A true classic in every sense, All-Clad Stainless cookware sets the standard for elegance and simplicity.

- Tri-ply construction sandwiches a heat-responsive aluminum core between easy-clean stainless-steel interiors and exteriors
- Bonded-metal construction ensures fast, even heating
- Finish provides superior stick resistance and won't react with foods
- Ergonomic, riveted stainless-steel handles stay cool on the cooktop
- Ideal for any cooktop, including induction
- Dishwasher-safe

d5 Polished

DEVELOP

D5's patented inner core of premium stainless guarantees 20% more even heating performance over traditional cookware, virtually eliminating hot spots while achieving a new level of stability that is optimized for induction cooking and improves performance on all surfaces. Years in development, stainless with patented d5 technology sets a new standard in culinary excellence.

- The patented stainless core significantly improves stability to prevent warping and maximizes the thermal conductivity of aluminium
- Energy-efficient advanced construction that allow heat diffusion from the bottom of the pan up to the sidewalls
- Interior starburst finishing improves non-stick performance
- 18/10 stainless steel cooking surface is hygienic and safe
- Comfortable, oversized riveted handles
- Long stay cool handles
- Convenient rolled lip for easy pouring
- Safe for use in the oven and under the grill
- Dishwasher safe
- With its stainless steel magnetic exterior this collection is compatible with all surfaces
- Optimized for induction cooking

d5 Brushed

DEVELOP

For the home gourmet, more even heat diffusion means more consistent flavours throughout the dish. A micro-layer core of stainless steel sandwiched between two layers of aluminum also makes for greater heat stability and is more forgiving than cores made entirely of aluminum or copper. Improved handles offer greater comfort and command while the brushed exterior adds class and style to any kitchen. This collection is compatible with all stovetops and is optimized for induction. For fast and convenient cleanup, all pieces—including those with nonstick surfaces—are dishwasher safe.

- Up to 20% more even heating than traditional bonded cookware
- Up to 15% more energy efficient than traditional bonded cookware
- No scorching or hot spots
- Improved strength—eliminates warping
- Optimized for induction stovetops

d7™ Stainless

MASTER

All-Clad's advanced d7™ technology is uniquely innovative, fusing together seven alternating layers of metal. The patented seven-layer design combines the durability and heat retention of stainless steel with the even heat distribution capabilities of aluminum for unmatched perfection. The collection's unique features also include domed lids for added capacity and flared edges for drip-free pouring.

- Three layers of aluminum act to evenly distribute the heat to avoid scorching hotspots
- Four layers of stainless steel work to efficiently retain heat
- Riveted stay-cool handles offer ease of manoeuvrability and comfort
- Flared edges provide drip free pouring
- Domed lids add additional capacity
- Compatible with all cooktops
- Oven and broiler safe
- Dishwasher safe

Copper-Core

MASTER

The ultimate All-Clad collection, Copper-Core will take your gourmet expertise to a new level. The choice of professional chefs and discriminating cooks, Copper-Core is the result of decades of All-Clad ingenuity and craftsmanship. Handcrafted in the USA, it features a patented bonded five-ply construction that combines the superior heat conduction of copper with the cleaning ease of 18/10 stainless steel, for unrivaled heating control and efficiency.

- Copper in the core creates instantaneous and perfect heating
- Skived exterior to reveal the copper brings a beauty and warmth to your kitchen
- Stainless steel long stick handles permanently secured with sturdy, non-corrosive rivets
- Pouring lips and larger handles provide great control for all kitchen tasks
- 100% specified metals insure lasting durability
- 18/10 stainless steel cooking surface that is hygienic and safe
- Stove-top, oven and broiler safe
- Ideal for any cooktop, including induction
- Hand washing is recommended when cleaning your All-Clad Copper-Core. Dishwasher use will deteriorate the exterior beauty of your pan

D5 BRUSHED COLLECTION

DEVELOP

Master Endless Cooking Possibilities.

All-Clad's patented d5 technology is a truly advanced cookware, with one of a kind five-ply construction, designed for aspiring and professional chefs looking to achieve unprecedented cooking results. The alternating layers of higher and lower conductivity metals promote thermal diffusion and the lateral flow of cooking energy, which eliminates hot spots and resist warping. The 5 layer composition and added magnetic steel exterior ensure the cookware is induction friendly and maintains optimum contact with the cooktop at all times.

D7™ STAINLESS COLLECTION

MASTER

Unparalleled in Culinary Supremacy.

All-Clad's advanced [™] technology is uniquely innovative, fusing together seven alternating layers of metal. The patented seven-layer design combines the durability and heat retention of stainless steel with the even heat distribution capabilities of aluminum for unmatched perfection. While the use of these two different metals mimics that of traditional cast iron, the d7™ collection is 25% lighter than most cast iron vessels, and heats up significantly faster. Never has a single collection delivered such performance in reaching high temperatures quickly to brown and sear, as well as efficiently retaining heat for extended periods of time. Each vessel in the collection features sturdy riveted stay-cool handles for ease of manoeuvrability and comfort, as well as flared edges for drip free pouring. Lids are domed for added capacity to the already spacious vessels. D7™ cookware is compatible with all cooktops, oven/broiler safe and dishwasher safe.

JUNE PROMOTION

FATHER'S DAY SPECIAL!

Chicken Fryer with Screen

If Southern-fried crispness is your culinary modus operandi, then All-Clad's Chicken Fryer with companion splatter screen and lid is a necessity in your kitchen. More versatile than a traditional fry pan, this chicken fryer features deep, straight sides to contain liquids and splatters, and a large surface area for frying and sautéing. The pan is from All-Clad's original three-layer bonded Stainless Steel cookware line, which pairs classic style with modern practicality. A new capacity engraving on the base makes for quick identification, and an improved ergonomic handle ensures maximum comfort when handling.

Gift with Purchase Program

All-Clad's "Gift with Purchase Program" presents an opportunity for distribution partners to purchase a special item at a significantly reduced price in order to utilize as a GWP for any consumer who spends \$500 or more on All-Clad Cookware.

All-Clad is committed to introducing GWP's that are reflective of the brand, are high-quality, and where possible, differentiated versus competition. This will require increased investment. However, the more compelling offers should stimulate trading up by consumers to meet the appropriate level and deliver incremental profit.

The 5QT Stainless Steel Colander from All-Clad brings a wonderful new addition to the All-Clad collector's kitchen. For a limited time, with the purchase of \$300 wholesale cookware, a dealer is eligible at the discretion of each account manager to receive special pricing on the All-Clad 5QT Colander.

THIS GWP HAS A RETAIL VALUE OF \$170.00

Gift with Purchase Program (con't)

DURATION OF GWP PROGRAM:

- The program outlined above will be effective for dealers to promote from April 1, 2016 through June 30, 2016. All-Clad will review the program before this time in order to assess if the GWP program outlined will continue in Fall 2016.
- The Stainless Steel 5QT Colander purchased as a 'kicker' is to be used as a GWP when a consumer spends \$500 or more on All-Clad in any one day.
- The intention is to provide genuine added value to consumers without discounting product and profit.

PRICING DETAILS:

- Eligibility is one (1) GWP product for \$300 wholesale of regular OPEN STOCK cookware purchased on the same order ('try me pieces', and 'Constant Newness' and 'Sets' offers not eligible)

DESCRIPTION	ITEM #	UPC #	CMMF	SUGGESTED RETAIL	GWP WHOLESALE PRICE
Stainless Steel 5QT Colander	5605C	011644560560	8700800484	\$170.00	\$35.00

NOTE:

1. Dealers to whom this is offered must have impeccable credit.
2. Dealers to whom this is offered must maintain a substantial, well-merchandised All-Clad open stock inventory.
3. Dealers who purchase this program must guarantee that the GWP offer will be used as outlined in the program.
4. Availability is dependent on manufacturer's ability to supply; any back orders that carry beyond program dates may be cancelled.

| <b>FREIGHT TERMS</b>                       | Groupe SEB will pay freight charges on all orders over CAD \$1500 (based on net prices) to a single destination within Canada. Freight charges on orders less than CAD \$1500 (net) will be incurred by the customer and added to the invoice. All orders ship via Groupe SEB selected carriers unless otherwise specified by customer by providing customer account number. All charges in excess of through freight tariff rates are payable by the customer.                                                                                                                                                                                                                                                                                          |
| <b>CLAIMS</b>                              | Any claims for errors or shortages for which Groupe SEB or our freight carriers are responsible must be reported with 30 days after receipt of merchandise.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |
| <b>RETURNED GOODS</b>                      | No merchandise may be returned without authorization from Groupe SEB. A Returned Authorization Number must be shown on all labels and correspondence with regards to the returned merchandise.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |
